

# Help Them Get Organised

We really like these two guides to help students to organise their revision

**Revision Planner:** *This is an A5 planner that helps students to plan, structure and organise their revision. This has a step-by-step guide that allows students to set themselves targets and tasks to work through over a 16 weeks period. It also comes with a pull out wall chart to help them organise their revision sessions. It also includes some handy hints and exam technique advice.*

**Study Skills Guide:** *If your child is finding it difficult to know **how** to revise then this is the book for you. This is a how to guide of revision with eight chapters modelling different revision techniques that students can use at home.*

We have done some research and found a discount code so that you can buy these books at school cost price rather than the RRP!

Buy the **Study Skills Guide** at the schools' price of **£2.49** (RRP £5.99) and the **Revision Planner** at the schools' price of **£3.74** (RRP £8.99) by quoting **16REVCC** at the checkout!
